

buildSTAR
ALU

Type	Tipper
Volume	26 - 48 m³
Chassis	aluminium
Body	aluminium
Use	sand - gravel - earth - clay - sludge - small rocks - asphalt

WWW.STAS.BE/BUILDSTAR

✓ Most stable construction thanks to:

- Widest chassis on the market (1.400 mm)
- Integrated tipping axle
- Reinforced cross member box section
- Well-integrated cylinder clamps

✓ Premium aluminium quality (Endural®, Herkal,...)

- ✓ Our own unique TOP design with the most optimal combination of lightness and strength
- ✓ Attention to detail and finishing
- ✓ Proven highest second-hand value in its class

VOLUME & DIMENSIONS*

volume	internal length	internal height	internal width
m ³	mm	mm	mm
			
27,8 m³	7.800	1.450	2.460
32,8 m³	7.846	1.700	2.460
			
26,9 m³	7.535	1.450	2.460
31,5 m³	7.535	1.700	2.460
35,2 m³	7.535	1.900	2.460

volume	internal length	internal height	internal width
m ³	mm	mm	mm
			
31,2 m³	8.750	1.450	2.460
36,8 m³	8.796	1.700	2.460
41,3 m³	8.832	1.900	2.460
47,3 m³	8.880	2.165	2.460
			
30,3 m³	8.486	1.450	2.460
35,5 m³	8.486	1.700	2.460
39,7 m³	8.486	1.900	2.460

* Note: Weights and dimensions are approximate and may change depending on the components without prior notice from the constructor. All weights and dimensions are measured according to European Regulation 1230/2012.
