

U-rockSTAR STEEL

Type	Tipper
Volume	24 - 32 m³
Chassis	steel
Body	steel
Use	large rocks - demolition

WWW.STAS.BE/UROCKSTAR

✓ Most stable construction thanks to:

- Widest chassis on the market (1.400 mm)
- Integrated tipping axle
- Reinforced cross member box section
- Well-integrated cylinder clamps

✓ Premium steel quality (HB450, S700MC, XAR450...)

- ✓ Our own unique TOP design with the most optimal combination of lightness and strength
- ✓ Attention to detail and finishing
- ✓ Proven highest second-hand value in its class

VOLUME & DIMENSIONS*

volume	internal length	internal height	internal width (front)	internal width (back)
m ³	mm	mm	mm	mm
				
24,4 m³	7.555	1.500	2.290	2.290
27 m³	7.555	1.650	2.290	2.290
27,6 m³	8.542	1.500	2.290	2.290
30,6 m³	8.542	1.650	2.290	2.290
				
25,4 m³	7.828	1.500	2.290	2.290
28,2 m³	7.855	1.650	2.290	2.290
28,6 m³	8.815	1.500	2.290	2.290
31,7 m³	8.842	1.650	2.290	2.290

* Note: Weights and dimensions are approximate and may change depending on the components without prior notice from the constructor. All weights and dimensions are measured according to European Regulation 1230/2012.
